

Serial No. 09/939,848

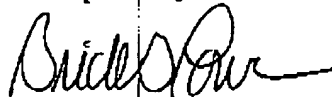

**REMARKS**

This Amendment follows the final Office Action of October 4, 2005, and the Advisory Actions of December 22, 2005, and January 18, 2006.

The final Office Action indicates that claims 16, which previously depended from claim 11, and claim 24, which previously dependent from claim 19, recite allowable subject matter. It is proposed that independent claims 11 and 19 be amended to incorporate the limitations of claims 16 and 24, respectively, therein, placing these claims in condition for allowance. Additionally, it is requested that claims 1-10, 16, and 24 be canceled without prejudice or disclaimer.

Entry of the proposed amendments would not necessitate an additional search, as the subject matter to which claims 16 and 24 are directed has already been searched, and would also remove all remaining issues preventing allowance of the above-referenced application. Accordingly, entry of the proposed amendments is respectfully solicited, as is the allowance of the above-referenced application at an early date.

Respectfully submitted,
